

Premier of Ontario - Première ministre de l'Ontario

November 1 – 3, 2017

A PERSONAL MESSAGE FROM THE PREMIER

On behalf of the Government of Ontario, I am delighted to extend warm greetings to everyone attending the Institute of Power Engineers (IPE) Ontario Area Education Forum and Power Engineers Round Table.

Ontario's prosperity and quality of life depend, in large part, on the skills of our people. As Premier, I am proud and grateful that we have some of the most highly skilled tradespeople and professionals working in the world.

Power engineers are the silent heroes of our work force. Your work runs through the very heart of our industries and institutions. Your skills enable Ontarians to have heat, electricity, food and many other basic needs.

I thank IPE for hosting this forum and roundtable and for promoting the highest standards of professionalism and excellence in power engineering.

Have a productive and enjoyable forum!

A handwritten signature in black ink that reads 'Kathleen Wynne'.

Kathleen Wynne
Premier
